  - e. September—JPAC BBQ
  - f. November 5—Fall Safety Tour
3. 1804 Update/Discussion
4. Roundtable

The JPAC Charge

- A.** The Council shall develop and maintain productive lines of communication between members of the City-University community and the police departments who serve them.
- B.** Recognizing that few police-related concerns are confined to either the campus or the city alone, and that the community as a whole benefits from the coordinated and efficient deployment of police resources, The Council will emphasize shared solutions that make optimal use of resources and best meet the needs of overall community.
- C.** Issues The Council may consider include, but are not limited to:
  1. Monitoring crime trends and offenses within the city and campus
  2. Identifying methods of communicating concerns to the larger community
  3. Emphasizing crime prevention and personal safety
  4. Assisting the Police Chiefs in identifying and prioritizing community concerns
  5. Proving feedback and suggestions for community-based policing strategies
  6. Recommending programs that improve relations between Ohio University and the broader Athens community, and support community-based activities
