37.02.04 – Designation as pollinator-friendly front yard must include:

- (1) An agreement to reduce all pesticide and herbicide use in the yard.
- (2) Have at least one pollinator friendly species in bloom during each season from spring through fall.
- (3) Have at least one native pollinator-friendly species in the yard. This can include trees or shrubs.
- (4) Have one of the following in the yard: water source, nesting habitat, or protection.

LIST CURRENT PESTICIDE AND HERBICIDE USE:

Check here to certify that you agree to reduce all pesticide and herbicide use.

LIST POLLINATOR SPECIES BY SEASON (include common and Latin names, and state if native to Ohio (e.g., Swamp milkweed (Asclepias incarnata) OHIO NATIVE):

SPRING: _____

SUMMER: _____

FALL: _____

WINTER: _____

Append a sketch or photo(s) of the garden, showing examples of pollinator-friendly species. Also show location(s) of at least one of the following: water source, nesting habitat and/or protection.

Note, as per 9.10.02.1 - Properties that are registered and in full compliance with the City's native and pollinator-friendly yard registration program, 37.02.04, are exempt from the grass and weed height restrictions. Such registration does not exempt lawn grass, noxious weeds, or state listed invasive species from 9.10.02. If a native and pollinator-friendly registered garden is cited under 9.10.02 for lawn grass greater than 8" in height, noxious weeds, or state-listed invasive plants, that garden will lose their pollinator-friendly registration and cannot apply for the program for one (1) year.
